THE PRESIDENT'S PAGE

Well spring must be here. Blossom has been blown away, I'm sitting here freezing cold but the sun is shining and a touch of the end of year blues thrown in for good measure. For those of you who are not feeling too great, my thoughts are with you, get well soon, it will be summer before we know it.

This month's meeting has turned out to be something very special. The 'Golden Oldies Moviemakers' production is the best one we have seen so far. Every aspect of the production has become more professional. From the intriguing plot, the acting, the scene setting, camera work, through to the final presentation. If I have missed an aspect to comment on that's my short coming.

I must make special reference to Alan Farquhar who I am told was the creator and driving force behind 'Serendipity' Alan you have done us proud, thank you from all of us for your effort in bringing this film to such a successful completion.

This month's guest speaker 'Tristine Tilly' who is with 'Age Concern Kapiti' in the role of 'Age Connect Coordinator' for the Kapiti Coast. Her task is to ensure that people of our age are not forgotten, ignored, or abused. Her description of the problems and even tragedies that can beset those of us who are alone without viable support are indeed a wakeup call. So many elderly slip off the radar and suffer terrible abuse at the hands of those they should be able to trust, not just strangers. We as a group are indeed fortunate in that we have created an informal support network just by getting together regularly at the monthly meeting and in our special interest groups. If one of us is ill or not showing up someone will notice and checkup.

Last month I commented that I would support my grandchildren at the 'Climate Strike' on the 27th Sept. Well I made it, my first time ever as a protester. I was impressed by the sincerity and earnestness of this group of young people. This will not be a flash in the pan, they will not grow past it. This will be like CND and French nuclear testing was for us. It might go quiet for a while, morph into something different, but over time it will become unstoppable just like we were with the French. The negative comments from many of the older 'influencers' in the media are in stark contrast to the new younger columnists. These are nothing but the rantings of a species who refuse to understand and will soon to be cast onto the scrap heap.

Cheers – Don

We screened our movie "Serendipity" at the October meeting. The crew and cast appreciated the kind words and applause you gave us. Alan spent many months working on this film and deserved all the kudos. We are now in the process of filming a Christmas movie.
We continue to welcome folk who wish to join us in acting, writing a script, costuming, makeup and assisting during filming. It is not intended the group meet on a regular monthly basis but only when a script is available.
